

This is in response to your 10/17/2019 Freedom of Information Act (FOIA) request number SBA-2020-000041.

In your request you asked for the records pertaining to an earlier FOIA request that you submitted on June 16, 2018, with tracking number SBA-2018-000862. Specifically, you asked for records documenting how certain information was obtained by a Defense Logistics Agency (DLA) employee about your company. In that same request you erroneously conclude that the agency in question was SBA, when in fact the DLA employee is referencing their agency. It is for this fact why this portion of FOIA request 2018-000862 was referred to the DLA FOIA Office. As such, our office considers this matter closed

Respectfully,

FOIA Staff
